Printed Plastic Tape

- Made from PVC or Polypropylene
- Available in a wide range of colors to match the package design or logo
- Can be turned into pre-printed forms that allow variable information to be filled in by the user

Printed Flat back Masking Tape

- Made from PVC or Polypropylene
- Available in a wide range of colors to match the package design or logo
- Thicker and smoother
- Durable enough to close small packages but can be torn by hand
- Often used as a security seal
- Works well on small bags and boxes
- Available in white, black, red, yellow, light blue, light green and orange
- Custom colors are available.

Printed Gummed Case Sealing Tape

- Made from kraft paper
- Coated with a water activated gummed adhesive
- Available plain or with reinforcing fibers
- Used with a gummed tape dispenser
- Available in standard (kraft) paper as well as white, yellow, red, blue, green and more
- Custom colors are available

Printed Athletic Tape

- Makes a great party favor or premium giveaway for a sports-themed event or fundraiser

Triage Form Tape

- Designed for use by paramedics
- The triage form is printed on it
- When using this tape with a skin-contact adhesive, the form can be adhered directly to the patient so that it does not disappear during transport.
