THE SPECIALISTS IN SPECIALTY TAPESSM

- Modern aircrafts require a wide range of adhesive tapes to maintain their critical systems.
- **Cargo Pit Tapes** are used in aircraft cargo holds.

296FR Flame Retardant Fiberglass Cloth Tape

- Lightweight glass cloth resists flame penetration.
- It is very conformable and accommodates turns and angles.
- The bromide-free acrylic adhesive is repositionable and leaves no residue upon removal.
- It comes with a solid, standard liner, but a split liner is available.

290FR Flame Retardant Fiberglass Cloth Tape

- Heavy-duty extended use glass cloth cargo pit tape for use in aircraft cargo holds.
- It is used for covering seams, rivets and pins to prevent damage from moisture, abrasion and high temperatures.
- It has very high adhesion and abrasion resistance.

398FR & 398FRP Flame Retardant Fiberglass Cloth Tape

- [Glass cloth cargo pit tape](#) for use in aircraft cargo holds.
- It resists abrasion, high temperatures and flame penetration.
- It is very conformable and accommodates turns and angles.
- The antimony-free acrylic adhesive has high adhesion for a permanent seal.

P-629 Cargo Pit Seam Tape

- **P-629** is a modified acrylic, flame retardant, single sided glass cloth tape that is primarily used in the aerospace markets.
- It is abrasion resistant and has an outstanding durability.
- Our glass cloth backing is conformable for use over contoured surfaces like mechanical fasteners.
